Loved your class
Professor Crockett is a wonderful teacher. She is very knowledgeable and was always available to give help and feedback when needed. Breaking down the research proposal step by step for us and building it into one large assignment i've fit the course of the semester was helpful and manageable.
The half on and half off campus type of things was really helpful because it provided for a variety of different stimulating scenarios.
How to effectively research a topic and relay information
The instructor was extremely helpful and very accessible.

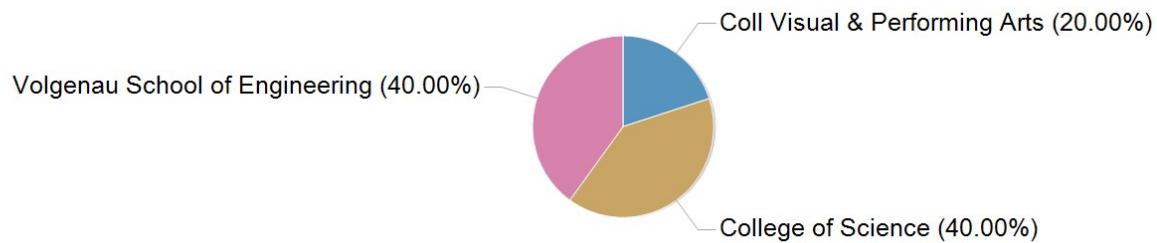

## What modifications do you suggest for the next time the course is taught?

Comments
class 10/10
None, Professor Crockett did it right!
I think next time this course should be taught with a higher discussion based percentage and push us to learn about more than one subject. Perhaps the second half of the class can be structured with mini lessons since it is more independent work based.
I'm not really sure.
